

Residential Care Plans

Your day starts at the gate. Keep it moving.

Scheduled care for your automatic gate, clear service reports, and a plan that fits your home.

BASIC

\$25 / month

A simple starting point for a low-use gate.

- 1 gate operator
- 1 maintenance visit per year
- 5% off repair labor

ADD EQUIPMENT

\$15/month per additional operator
\$10/month per access-control unit

PLUS

RECOMMENDED

\$45 / month

A natural fit for everyday use.

- Up to 2 gate operators
- 1 access-control unit
- 2 maintenance visits per year
- 10% off repair labor

ADD EQUIPMENT

\$10/month per additional operator
\$8/month per additional access-control unit

PREMIUM

\$79 / month

More frequent care, with extra help when needed.

- Up to 3 gate operators
- 2 access-control units
- 4 maintenance visits per year
- 1 service call included per year
- 15% off repair labor

ADD EQUIPMENT

\$8/month per additional operator
\$5/month per additional access-control unit

EVERY MAINTENANCE VISIT INCLUDES

Checks of gate movement, safety devices, mechanical wear, and backup batteries, plus applicable lubrication and routine adjustments. Covered access-control equipment is checked for proper operation. You receive a service report with findings and recommended repairs.

FIND YOUR FIT

A two-operator swing gate with one keypad is **\$45/month with Plus**, versus \$50/month with Basic and equipment add-ons. Plus also includes twice the scheduled maintenance visits.

For a rarely used gate, a one-time service may be a better starting point. We'll recommend care that fits your equipment, usage, and manufacturer requirements.

CLEAR COVERAGE

Premium's included service call covers travel and up to one hour onsite during regular business hours, once per service year for the property.

Parts and repair labor are separate; eligible repair labor receives your plan's discount. Existing faults, after-hours service, vehicle or weather damage, structural work, underground loop replacement, and software or cellular subscriptions are quoted separately.

PRICING NOTES

Starting prices are based on a 12-month service agreement billed monthly. Final pricing, covered equipment, and service frequency follow assessment. Each gate operator counts separately; a dual-operator swing gate counts as two. Access-control units will be itemized in your proposal. Specialized equipment or heavy usage may require a custom plan. Existing repairs and cancellation terms are addressed before enrollment. Maintenance does not guarantee uninterrupted operation.
